Transition Time

Plan your shild's journey to:

Plan your child's journey to:

Liphook Federation

myjourneyhampshire.com/transition

Starting school is an exciting time with lots of new things to think about! Tick one thing off your list with the help of this booklet and plan your child's journey to school.

Why choose active?

Walking, wheeling, scooting and cycling are active ways to travel to school. Whether it is for the whole or part of the journey, choosing active travel has lots of benefits!

Reduces congestion	Safer journey with fewer cars	Saves money	Reduces air pollution
Healthy for body and mind	Quality time with family and friends	Improves concentration	Become more street savvy

Need to drive?

If you have no choice but to drive, we ask that you do so in a safe and considerate way that protects our local community and is respectful to neighbouring residents.

Park and stride, driving for part of your journey, parking away from school and actively travelling the remaining 5-10 minutes, is a great option if you need to use the car. You get to enjoy the benefits of active travel within your busy schedule!

Think zigzags

Unlike adults, children cannot see over parked cars. Likewise, drivers may not be able to see children trying to cross the road. The yellow zigzags help to keep the road clear creating a safer area for children to cross. It is important not to park or wait on the yellow zigzags at any time.

Essential journey information

School gate(s) opening times

The classroom door opens at 8:40am, registration is at 8:45am. Children will be marked as 'late before register closes' if they arrive after the register. They will be marked as late after register closes if they arrive after 9:15am.

Location of entrances

We have three main entrances – Avenue Close, The Avenue and Longmore Road.

Cycle/scooter storage

Scooters and bikes may be stored in any of the bike/scooter racks at the infant school or junior school. Scooters and bikes may not be ridden on the school site. Instead, children should walk pushing their scooter.

If you need to drive to school...

We advise families to walk to school where possible as Liphook Federation is at the bottom of a cul-de-sac. Parking spaces are very limited.

The rules: entering staff/ onsite car parks

Parking in the staff carparks is strictly forbidden.

Scooter/cycle/ pedestrian training

The Infants have pedestrian training and are taught the Green Code. Year 6 pupils take part in bikeabilty. All children are taught road safety and the Junior School has Junior Road Safety Officers (JRSOs)
